

realbaby

Real play. Real growth.

Keep childhood real. - Made for real childhood.

Baby Soft Play & Developmental Products

OEM/ODM Partner

For importers, baby brands and education channels building retail-ready collections for early childhood.

2026 COMPANY PROFILE

Keep childhood real. | Made for real childhood.

A focused partner - not a generic toy supplier

RealBaby focuses on baby soft play and developmental products where comfort, sensory discovery, early learning and parent-child interaction meet practical OEM/ODM execution.

SOFT PLAY

Soft books, play mats, comfort products and plush companions.

DEVELOPMENTAL

Sensory, motor-skill, cognitive and early-learning value.

OEM / ODM

Existing-style adaptation, custom development and private label.

RETAIL-READY

Packaging, labeling and presentation designed for real sales channels.

Core positioning statement

RealBaby is a Baby Soft Play & Developmental Products OEM/ODM Partner for importers, baby brands and education channels.

Keep childhood real.

At RealBaby, we believe children grow through real touch, real exploration, real companionship and real play. In a world full of screens and overstimulation, we focus on soft play and developmental products that support sensory discovery, early learning, emotional comfort and meaningful parent-child interaction. We thoughtfully develop products for little hands and growing minds - from soft books and play mats to comfort companions, sensory toys and hands-on learning products. We are not here to help children grow faster. We are here to help them grow more naturally.

Real play. Real growth.

Real Capability. Clear Numbers.

Practical reference data for professional buyers. Final terms are confirmed by product, customization, quantity and target market.

500 pcs+

Typical MOQ

For many custom soft-product projects.

10-15 days

Typical sampling

Standard soft-product projects; complex development may take longer.

40-70 days

Production lead time

Depends on structure, material, packaging and order size.

US / CA / AU / UK / EU

Main export regions

North America, Australia, the UK and European markets.

Representative support

Testing

EN71 / ASTM F963 / CPSIA-CPC coordination

Packaging

Hang tag / gift box / window box / custom color box / carton

Customization

Fabric / color / printing / embroidery / size / accessories / label

Buyer types

Importers / brands / education / retail / e-commerce

* Reference values only. Final MOQ, sample time and lead time vary by materials, construction, artwork, packaging and order quantity.

Focused product architecture, room to grow

One master brand, clear series. New categories can be added when they support early childhood play, sensory development, comfort or interaction.

FIRST PLAY

0-18M

Soft books, teethingers, rattles, comfort blankets, play gyms, baby activity mats.

LEARNING PLAY

18M-4Y

Quiet books, busy books, busy boards, soft cubes, fabric puzzles and learning products.

COMFORT COMPANIONS

Baby & toddler

Plush toys, comfort dolls, security blankets, musical plush and soothing companions.

Build collections around real childhood routines

Tummy Time

Movement, visual tracking and sensory discovery.

Bedtime Comfort

Soft companionship for calm routines and emotional comfort.

Travel Calm

Portable products for stroller, car-seat and on-the-go use.

Early Learning

Hands-on products for sensory, cognitive and motor development.

Parent-child Interaction

Shared play, reading and bonding moments.

Why it matters for buyers

Use-case merchandising turns products into clearer retail stories: what the child does, why the product matters and how the range can be sold as a collection.

Solutions by Sales Channel

The same product portfolio can be developed differently for each buyer channel - assortment, packaging, price point and presentation.

Importers & Distributors

Multi-category sourcing, export documentation and stable production.

Baby Brands

OEM/ODM, private label and packaging-led differentiation.

Education Channels

Sensory and hands-on learning products for guided play.

Baby Stores

Giftable, display-friendly low-age products.

E-commerce & Amazon

Photo-friendly, bundle-ready products and test-order logic.

Retail Chains

Standardized packaging, barcodes and volume planning.

Soft play & developmental product focus

Play Gyms & Baby Mats

Tummy time, movement and sensory discovery.

Soft Books & Cloth Books

Touch, crinkle, early reading and visual discovery.

Comfort Blankets

Soothing, bedtime and travel comfort.

Plush & Comfort Dolls

Soft companionship, gifting and emotional connection.

From idea to retail-ready collection

RealBaby supports practical product development - from adapting an existing style to developing custom materials, functions and packaging.

1 Brief

Target market, age grade, function, price direction and quantity.

2 Product Direction

Existing style adaptation or custom concept development.

3 Sampling

Materials, color, artwork, embroidery/printing and construction.

4 Confirmation

Revise sample, confirm packaging and testing requirements.

5 Production

Production planning, in-process checks and final inspection.

6 Delivery

Retail packaging, carton marks and export coordination.

ODM case studies will be added in a later revision once complete project files are cleared for external use.

Inside Production - real process, real evidence

Selected stills extracted from real workshop footage supplied in the project asset set. These replace composite factory visuals in the next profile revision.

Embroidery

Sewing Line

CE / Declaration

Testing requirements vary by product type, age grade, market and buyer requirements. Third-party testing coordination can be supported.

The asset set includes representative factory audit materials. We present them transparently as manufacturing-partner evidence rather than implying every partner has the same audit status.

The image consists of two circular photographs placed side-by-side. The left photograph features a woman with dark hair, wearing a blue baseball cap and a blue short-sleeved shirt, smiling at the camera. She is in a factory setting, with another worker visible in the background. A large, semi-transparent pink circle is overlaid on the bottom left of the image. The right photograph features a man with dark hair, wearing a blue long-sleeved shirt and a yellow hard hat, with his arms crossed and a slight smile. He is also in a factory setting. A large, semi-transparent pink circle is overlaid on the bottom right of the image.

SMETA audit materials are also included in the supplied documentation set.
